UINTAH BASIN HEALTHCARE

FOR IMMEDIATE RELEASE

PRESS RELEASE

Interim President/CEO of Uintah Basin Healthcare Announced

May 28, 2014: The Uintah Basin Healthcare Board of Trustees announced that Brent Hales has been appointed as the interim President and CEO of Uintah Basin Healthcare, effective June 1, 2014. Brent temporarily replaces former CEO, Brad LeBaron, who gave notice March 27, 2014 that he plans to resign his position as President and CEO of Uintah Basin Healthcare, effective June 1, 2014. Brad has been offered and has accepted the position as Administrator of the BYU Student Health Center in Provo, Utah.

Brent Hales has served as CFO of Uintah Basin Healthcare for nearly 17 years, and has been instrumental in the financial progress and growth during his tenure. Brent's knowledge in hospital operations and his ability to meet operational goals while maintaining a high-quality patient experience demonstrates his ability for this position.

The Uintah Basin Healthcare Board of Trustees formed a selection committee who developed the criteria and structure of the search for a new President and CEO. Tyler Rasmussen, Chairman of the Board, stated, "We are confident that the organization will remain in good hands with Brent Hales acting as interim President and CEO, as the Board of Trustees works through the process of selecting a qualified candidate to fill the role of President/CEO."

###

Uintah Basin Healthcare is a community not-for-profit healthcare system, serving the Uintah Basin since 1944. Today, Uintah Basin Healthcare is the largest and most comprehensive rural-based healthcare system in the state of Utah.
